MEMORANDUM FOR THE RECORD

Morning Meeting of 8 August 1966

DD/I reported that a memorandum for the President on Soviet attitudes toward the United States was sent to the White House on 6 August. The memorandum notes that there is no evidence of a hardening in Soviet attitudes toward the U. S. Although their actions reflect concern over the Vietnamese situation, the Soviets want to continue to do business with the U. S. DD/I commented on the recent Soviet note to the U. S. regarding the straffing of a Soviet merchant ship in North Vietnamese waters. According to pilot reports, U. S. aircraft were not in the vicinity of the ship on the day of the reported attack. No evidence could be found to substantiate the Soviet allegations.

DD/I noted that the paper for Ambassador Johnson on the disclosure of certain classified material had been prepared and telephonic concurrence had been acquired. The paper is now ready to be sent to Ambassador Johnson. DD/I commented on the favorable initial results of the recent [] mission.
